Dave,  
A recycled rant. I have done the same to Ramona.

It is not a good several weeks from now. Tomorrow I have the AAT and then teaching. Tonight changes and writing. Thursday, webinars and more. I return a week from now even busier. The following few months are basically hell with less heat.

CSU wants to expand what I can do and also have a backup, so they have moved me to a subject I do not like much from one I started and love next semester. I am not teaching the ethical hacking class next semester, but rather I am teaching windows domain management (A subject I know but find boring). Knowing I have to spend the next 4 months from when I return doing something I do not enjoy far less than I thought adds little to removing my stress.

I have missed my deadline with Hakin9 and will miss the journal for the first time in 9 months. I know I will not have time at all over the weekend to write, so I have until Thursday night to finish editing 172 pages for Bob and the book chapters. This is a hard deadline and I cannot miss it. Right now, I have 168 pages to go.

I am stressed right now. FUCKING ARGHHHH!

I still have not started reviewing my slides and I am no closer with the work for FASV. They have no real idea what, but it could be a way to help with funds as I find a means to make a Bitcoin extension that cannot be lost. One that is money you do not lose when you die, but is still all Bitcoin is. They still crap all over my paper and dismiss it. Bloody academic cryptographers. The Blockchain is better than they will ever do and they all fucking dismiss it. Fucking Scheiner stole my early ideas now the prick shits all over the new ones. One day.

The meeting with the AAT should have occurred weeks ago, but the ATO have stalled and put it off. John has all the materials and the ATO are simply BS'ing again. It costs me money and in a way I guess they want to get a result through attrition rather than honesty. They will drain all I have if they can. We do not touch the trusts. Not yet. Not even for this. ONE DAY, they will change the world. Not millions, not billions. If I am right, they will be trillions and let them try shit on us then. FUCKING DICKS. Bloody lying ATO cock sucking bastards! They lost evidence and use my temper against me. I hate their lies. I did everything right and I am STILL punished.

I am not spending time with family. I fail to talk with you Dave other than rants and work. I am sorry, but I have nothing much more than rants and work. This drives me.

I need more time. I need to have time to do what it takes.

I would sell my grandmother for banking code. I am not getting what I need. I have been doing core banking reviews and these help with the middle wear and the process, but I NEED code. NO TIME. NO access and a fucking recalcitrant bloody tax office who thinks I am the anti-christ.

I need a way to get something soon. I need an ERD at least. I will work for a bloody bank if I need to. I have friends in the Commonwealth Bank here, but I just want source code. Why is it so hard to get? And again, it is the bloody ATO. They have made it so fucking hard with the closing of my companies.
